JIH-I LJK 600 NC

CORNER NOTCHING SAW NC 600MM BLADE

Superbly priced, the LJK600 NC comes highly recommended for volume production of curtain walling components. Offering many features as standard it boasts a solid construction that guarantees reliable and consistent performance and genuine value for money.

- ✓ SERVO DRIVE FOR TILTING OF THE SAW BLADES
- ✓ HAND WHEEL ADJUSTMENT OF THE CUTTING TABLE HEIGHT WITH METRIC SCALE
- ✓ VARIABLE FEEDING RATE WITH PRECISION CONTROL VALVE
- ✓ PNEUMATIC MATERIAL CLAMPING
- ✓ INDUSTRY LEADING PRICE
- ✓ CUTTING DATA SET IN THE 7" COLOUR TOUCH SCREEN HMI
- ✓ MATERIAL DEPTH STOP WITH DIGITAL DISPLAY
- ✓ SWIVELING FENCE FOR COMPOUND CUTS +/-45 DEGREES
- ✓ MIST SPRAY BLADE LUBRICATION (OPTION FOR ADDIMIST PURE OIL)
- ✓ SAFETY BRAKE MOTORS

...a large capacity and solid construction leading to a reliable and consistent performance.

TECHNICAL	LJK-600 NC
Saw head angle positioning	Servo powered set on 7" colour touch screen HMI
Servo drive motor power	1kw x 3
Saw spindle motor power	5hp x 2
Saw spindle speed	2800rpm
Inverter	7.5hp x 2
Max cutting depth	220mm x 220mm
Saw feeding control	Variable
Vertical sawblade dimension	600mm x 120t
Horizontal sawblade dimension	600mm x 120t
Sawblade tilting range	+45° ~ 90° ~ -45°
Table fence angle range	+45° ~ 90° ~ -45° (option for 22.5° ~ 90° ~ 45°)
Machine dimensions	3140mm x 1380mm x 1800mm
Machine weight	1750kg
